**The Ultimate 90° Layout Laser  
Leica Lino L4P1**

# Leica Lino L4P1

## Powerful: Precise layouts at high-speed

### 24h battery life on a single charge

You can work for three full work days (24 hours) on a single charge of long-lasting Li-Ion power. You can also charge the unit while it's working if needed.

### Smart Power: Li-Ion exchangeable with Alkaline

The L4P1 also allows for alkaline batteries to be used, so this laser is always ready to work. Both Li-Ion and the alkaline battery tray are included in the package.

### Unique design allows for precise layout applications

You can place the L4P1 over a point, and rotate it 360° over that point. The fine adjustment knob moves the vertical lines in small increments, making layout jobs precise and easy.

## Leica Lino L4P1: The Ultimate 90° Layout Laser

- 24 hour battery life with Li-Ion
- Easy and accurate layout over a point
- Smart Power with interchangeable Li-Ion and alkaline battery packs included

### Technical specifications

Laser	4 lines, 1 point
Range	15 m/50 ft
Range with receiver	80 m/260 ft
Accuracy	1 mm @ 5 m/0.04" @ 16 ft
Self-levelling range	± 3°
Laser type	laser class 2 635 nm
Battery type	Rechargeable Li-Ion batteries (and Alkaline batteries 4 x AA, 1.5V)
Battery life	
Li-Ion batteries	24 h
Protection class	IP 54
Tripod thread	1/4", 5/8"
Weight (with Li-Ion batteries)	1173 g/2.58 lbs

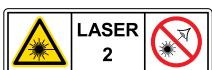

Delivery package Leica Lino L4P1 Art. No: 834838
